On October 12, 2021, the 3rd interim session of the Consultative Council on Improvement of Investment Climate under the President of the

Republic of Tajikistan chaired by the Principal Deputy Prime Minister of the Republic of Tajikistan Davlatali Said was held. It was attended by members of the Consultative Council, heads and officials of relevant ministries and agencies, the private sector, development partners, and

guests of the event.

The meeting reviewed the results of monitoring of the implementation of the decisions adopted at the 2nd interim session, the implementation of the decisions of the 21st session of the Consultative Council and other routine issues of the Council.

At the outset, the Principal Deputy Prime Minister congratulated the participants on the occasion of the 30th anniversary of Independence of the Republic of Tajikistan, which was recently celebrated in the country, as well as the Day of Entrepreneur celebrated annually on October 14, and wished them success in their personal and professional activities.

It was highlighted that the state independence as the most valuable national and state holiday, and a unique event in the history of the country. During the independence, at the initiative of the Founder of Peace and National Unity - Leader of the Nation, President of the Republic of Tajikistan, H.E. Emomali Rahmon, comprehensive reforms have been carried out to improve the investment climate and develop the private sector, which is yielding significant results.

Meetings of the President with entrepreneurs and investors, hosting international fora and exhibitions attended by Mr President, the creation of a public-private dialogue at the national and subnational levels, the establishment and operation of the Consultative Council on Improvement of Investment Climate under the President of the Republic of Tajikistan as the most

important platform of dialogue between the public and the private sector is the reflection of the constant interest by the Leader of the Nation in the creation of investment climate and the development of entrepreneurship, and is an unprecedented achievement in the history of the country and the period of independence.

Mr Saadi Qodirzoda, Executive Secretary of the Council, Chairman of the State Committee on Investments and State Property Management of the Republic of Tajikistan, Dr. Pratibha Mehta, UNDP Resident Representative in Tajikistan, Ms. Rika Ishii, Head of the European Bank for Reconstruction and Development Resident Office in Tajikistan, and Mr Sherali Kabir, Minister of Industry and New Technologies and others delivered speeches on the key issues of the session's agenda.

The Principal Deputy Prime Minister noted that Mr President in his Address to the Parliament in this year instructed the ministries and agencies to expand their activities to mobilize direct investments, further

improve the investment climate and business environment, in particular focus on introduction of electronic procedures for reviewing and submitting licenses, permits and certificates for business activities and to eliminate subjective factors in this process.

It was also noted that the rapid industrialization of the country has been declared as the fourth strategic goal and all necessary measures are being taken to achieve it. In particular, the Tajik Government adopted its Program of Rapid Industrialization of the Republic of Tajikistan for 2020-2025 on May 27, 2020, which is currently being implemented.

The Republic of Tajikistan as a developing country has a real base for the development of industry, including light industry, production of construction materials, processing of agricultural products, mining and thereby the development of national production. To develop industry, the Government adopted a number of programs and strategies, action plans,

including the Action Plan for improvement of investment climate in industry for 2021-2023, and their implementation resulted in the sector's increased share in GDP.

With regard to some business and investment issues addressed in the sessions of the Council, the

Principal Deputy Prime Minister Davlatali Said underscored the need for timely and effective implementation of the instructions of the Government, decisions of meetings and instructions of the Consultative

Council in the field of entrepreneurship by the ministries and agencies, local executive authorities in province, town and district.

The session chair provided relevant instructions to the participants at the conclusion of the meeting based on the comments and suggestions voiced out by the attendants.
